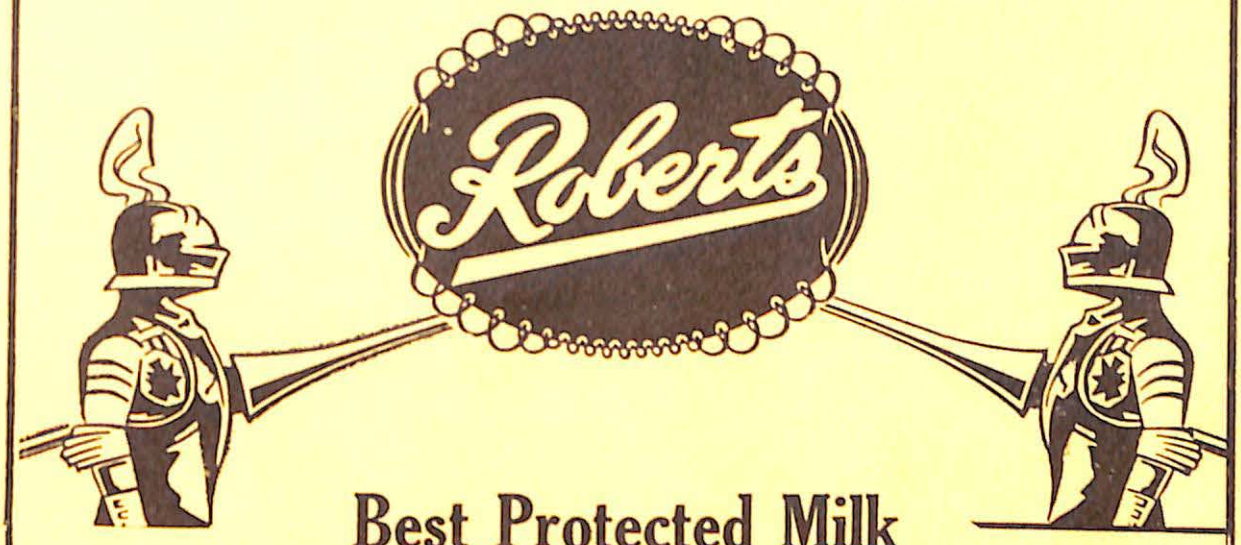
SURVEY SHOWS THAT MORE OMAHA

AND COUNCIL BLUFFS DOCTORS BUY



Best Protected Milk

Than All Other Brands Combined!

As a matter of ethics, members of the medical profession seldom endorse any specific product.

However -- as a matter of record -- a recent survey shows that more Omaha and Council Bluffs doctors buy Roberts Milk than all other brands combined!

Surely, as experts on health and nutrition, medical men can be expected to choose for their own families the best protected, best tasting milk that their dairy dollar can buy.

And, by an overwhelming majority, they have chosen to "Reach For Roberts"!

INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1955 edition of the Council Bluffs City Directory.

Confidence in the growth of Council Bluffs' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Council Bluffs to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Council Bluffs Directory will fulfill its mission as a source of authentic information pertaining to the city.

Five Major Departments
(Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Council Bluffs, and the name, official personnel, nature and address of each firm and corporation in the city.

II. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the second major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

III. THE NUMERICAL TELEPHONE DIRECTORY is the third major department, printed on blue paper.

IV. THE BUYERS' GUIDE, the fourth major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Council Bluffs. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Council Bluffs, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

V. THE CLASSIFIED BUSINESS DIRECTORY is the fifth major department, printed on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate

headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Council Bluffs.

The Council Bluffs Directory Library

Through the courtesy of the publishers of the Council Bluffs City Directory, a Directory Library is maintained at the Council Bluffs Free Public Library, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

19 North Main Street)

Statistical Review

AREA AND POPULATION:

The area of Council Bluffs is 16.3 square miles. Its population is 45,429 by the 1950 U.S. Census, and over 50,000 by recent estimate.

TRIBUTARY TRADE TERRITORY:

The immediate trade territory of Council Bluffs, embracing the region on the Iowa side of the Missouri River within 60 miles of the city, is in extent approximately 5,000 square miles, and there are within it about 150,000 people.

The immediate wholesale territory of Council Bluffs comprises, together with southwestern Iowa, a section of northwestern Missouri, the state of Nebraska, and portions of Minnesota, the Dakotas, Kansas, Colorado, Wyoming and Montana, an area of 189,000 square miles with a population of about 3,300,000.

MAJOR INDUSTRIAL ACTIVITIES:

Council Bluffs, it has been rightly said, owes much of its prosperity to its railroads. No less than eight companies have locomotive and train terminals in Council Bluffs. Indeed, the railroad payrolls in Council Bluffs equal nearly $6,000,000 per annum. The payrolls of other industries in the city aggregate as much or more annually, there being about eighty industrial firms in Council Bluffs. Because of its railroads extending in all directions from the city (this being the fifth largest railroad center in the U.S.) its situation in the richest agricultural section of Iowa; low utility rates; excellent labor; favorable climate; moderate living costs; improved highways radiating from the city; two major air lines (the Municipal Airport, located about one mile southeast of the city, has three private operators), and the Missouri River now open for navigation; and other advantages too numerous to mention, Council Bluffs offers the manufacturer and the distributor a location of unqualified merit. The city enjoys the unique distinction of being the home of the largest manufacturer of playground equipment in the world; the seat of the largest flower-growing center west of the Mississippi River, and a grain-storage point where are concentrated ten elevators annually handling about 34,000,000 bushels of corn and other cereals. The Pacific Fruit Express Co. maintains here a $500,000 plant, manufacturing an average of 275 tons of ice daily for use in refrigerator cars, and the U.S. Post Office Department operates in Council Bluffs the second largest railway mail terminal in the country.

MAJOR INDUSTRIES AND PRODUCTS ARE:

LABOR:

The population of Council Bluffs is 86 o/o native white, 13 o/o foreign-born white, 1.4 o/o colored. Labor is plentiful, and friendly relations exist between employers and employees.

RAILROADS:

Council Bluffs is served by eight trunk lines, comprising the Union Pacific; Chicago & Northwestern; Chicago, Burlington & Quincy; Chicago, Milwaukee, St. Paul & Pacific; Chicago, Rock Island & Pacific; Chicago Great Western; Illinois Central and Wabash railroads. Six of these lines connect the city with Chicago, two with St. Louis, one with Kansas City.

INDUSTRIAL POWER:

An adequate and dependable supply of electric power at low industrial rates is supplied by the Iowa Power & Light Co. The company has just erected a new $12,000,000 plant, just south of the City of Council Bluffs.

WATER AND GAS:

The City of Council Bluffs owns the water works, which are modern and free of debt. The plant is one of the finest in the country for cities of this size.

Natural gas from the Oklahoma and Texas fields is supplied for industrial and domestic uses by the Council Bluffs Gas Co; at low rates.

TEMPERATURE AND PRECIPITATION:

Average temperatures during a period of 60 years—

Spring (March-May)	maximum 60.1 degrees,	minimum 40.8 degrees
Summer (June-Aug.)	maximum 84 degrees,	minimum 40.8 degrees
Autumn (Sept.-Nov.)	maximum 62.9 degrees,	minimum 43.7 degrees
Winter (Dec.-Feb.)	maximum 33.5 degrees,	minimum 16.3 degrees

Average precipitation—

Spring	7.71 inches
Summer	12.05 inches
Autumn	6.75 inches
Winter	2.54 inches
Annual	29.05 inches

NATURAL RESOURCES:

Southwestern Iowa, of which Council Bluffs is the metropolis, is endowed by nature with remarkable soil fertility. The industrial stability of Council Bluffs is assured by the agricultural resources of the region, which produces annually, with unfailing regularity, large yields of corn, wheat, oats and rye. These natural products make profitable the feeding of hogs and cattle, which is carried on extensively throughout the area.

The loessial soil of the rolling hills of this territory also is well suited to the culture of fruit and vineyards. Hybridized corn has reached a high degree of development, which has increased production and quality in an area already the largest producer of corn in the "Tall Corn State." Soybeans, which are now being extensively grown, are the latest addition to the diversified crops in this garden of the Middle West. Southwest Iowa has always been a leader in soil conservation practices. The Iowa State College with the cooperation of the Council Bluffs Chamber of Commerce operate an experimental fruit farm just outside the city on U. S. Highway 4.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1955

Copyright, 1956, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ® following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The △ preceding names denotes houses and places of business having telephones.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when posible.)

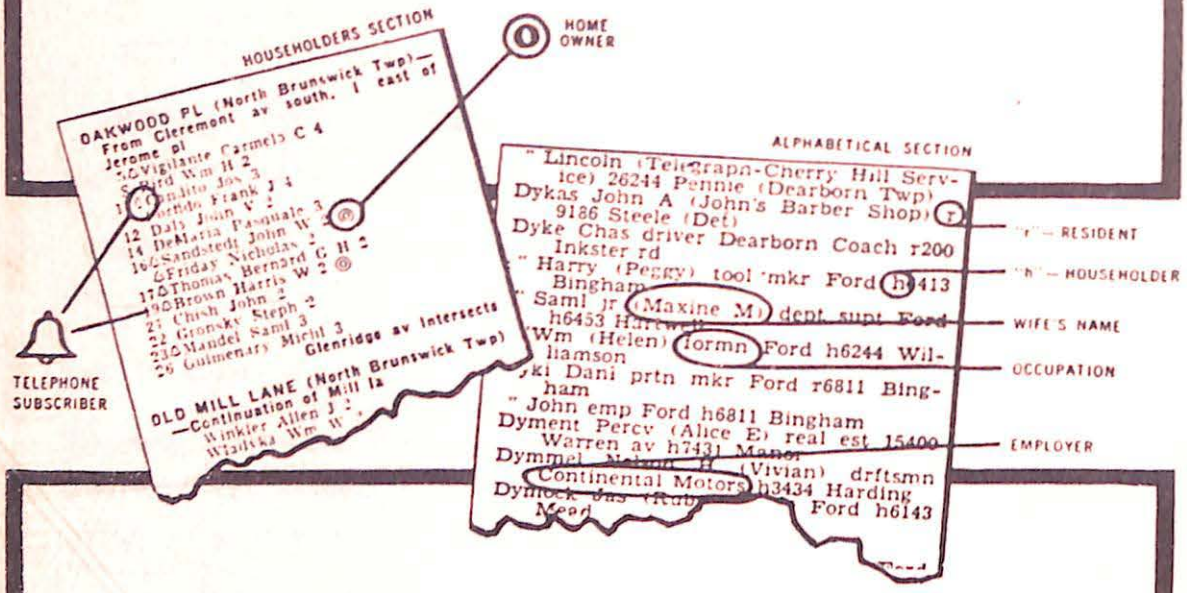
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

WHY A BUYERS' GUIDE?

★ It is customary to include a Buyers' Guide in the City Directory because : : :

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

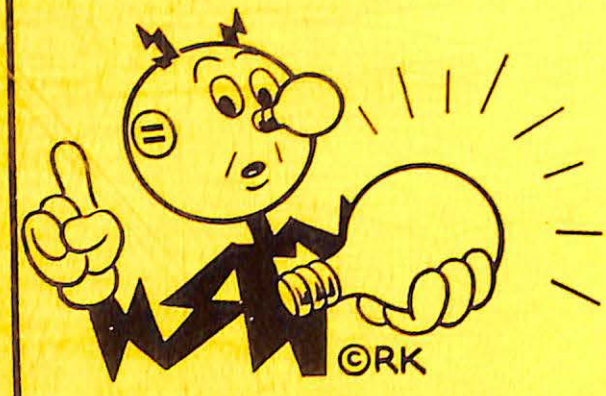
The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

Behind Your ELECTRIC Switch

. . . is the "Mighty Atom" in person . . . REDDY KILOWATT who is constantly awaiting your "flick of the switch" to spring into action doing all the jobs that used to be hard for you. They're done so quickly and easily by the "Mighty Atom".
Use Him for all sorts of jobs.
He's the lowest cost servant in the world today.

Be Sure You Have Enough REDDY BOXES

DON'T keep Reddy's hands and feet tied so he can't work for you. Count the number of outlets in your home . . . then count the number of electrical appliances and see if you are cooperating with your willing helper REDDY.



BETTER LIGHT for BETTER SIGHT

Do you have enough lamps in your home . . . are the bulbs the right size. Is your store or factory efficiently lighted for best working conditions? Check these points, along with the color of the walls and ceilings. Make the necessary changes . . . and reap the rewards of better workmanship and better vision.

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

SIXTY - ONE YEARS OF SERVICE

The Council Bluffs Savings & Loan Association has grown up in Council Bluffs during the past sixty years. We have continually increased assets during these years and never missed a semi-annual dividend. Ours is an enviable record of contribution to the growth and stability of Council Bluffs, through our reliable savings plan and through our home loan program.

Our savings accounts begin earning a maximum rate from the day of deposit; all funds are insured up to $10,000; withdrawal privileges are extremely lenient; and we are proud of our efficient, reliable and friendly office staff.

ASSETS OVER NINE MILLION DOLLARS!

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING!

» » » » » *Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.*

THEREFORE YOUR AD IN THE CITY DIRECTORY IS SEEN BY BUYERS FROM COAST-TO-COAST

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

YOUR OWN *Magazine*—

- BUILDING GOOD WILL
- CONTACTING PROSPECTS AND CUSTOMERS REGULARLY
- DOING A BETTER SALES JOB

If you manufacture a product or have a service that is sold nationally, why not investigate the many advantages of a consumer magazine to provide a continuing contact with your prospects and customers? There's no better medium for building sales volume, holding customer good will, and in bringing in new customers.

R. L. Polk & Company's Direct Mail Advertising Division now handles all creative, editing, printing, dealer imprinting, list compilation, addressing and complete mailing operations for a select group of national organizations, issuing monthly, quarterly and semi-monthly owner and consumer magazines with a combined circulation of more than 3,000,000 copies monthly. A staff of experienced consumer magazine and market experts is at hand to consult with you on what you may expect from such an advertising program. If yours is a publishing problem, Polk can do it better.

THE
CITY DIRECTORY

represents the City and its
institutions in every corner
of these United States

ARE YOU PROPERLY REPRESENTED IN IT?

The Classified portion
catalogues the professions
and goods handled here

ARE YOU LISTED UNDER YOUR PROPER HEADING SO THE PROSPECTIVE BUYER CAN FIND YOU?

"Think It Over"

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Don't Contribute to Counterfeiters KNOW YOUR MONEY!

Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT
Counterfeit—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

COLORED SEAL
Counterfeit—Saw-tooth points around rim are usually uneven, broken off.
Genuine—Saw-tooth points around rim are even and sharp.

SERIAL NUMBERS
Counterfeit—Poorly printed, badly spaced, uneven in appearance.
Genuine—Figures firmly and evenly printed, well spaced.

PAPER
Counterfeit—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or $7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

PROPERTY OF THE
CITY OF COUNCIL BLUFFS

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
