INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public, this, the latest edition of the Council Bluffs City Directory including Lake Manawa.

Confidence in the growth of Council Bluffs' industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Council Bluffs to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Council Bluffs Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order: —

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Council Bluffs and Lake Manawa, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Council Bluffs including Lake Manawa, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, INCLUDING LAKE MANAWA, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY INCLUDING LAKE MANAWA is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Council Bluffs.

The Council Bluffs Directory Library

Through the courtesy of the publishers of the Council Bluffs City Directory, a Directory Library is maintained at the Council Bluffs Free Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HISTORY OF COUNCIL BLUFFS

During their exploration of the Missouri River in 1804 Lewis and Clark were the first white men to stop at the site of what is now Council Bluffs. At this time they held a meeting with the Otoe and Missouri Indians. The Lewis and Clark Monument located on the bluffs overlooking the Missouri River commemorates this meeting.

From 1846 until 1853 Council Bluffs was known as Kanesville. During this period Father Pierre-Jean DeSmet established the first church and school in a blockhouse which was originally built to protect migrating Indians from hostile Indians. This was located on Pierce Street on a bluff overlooking Broadway.

After being driven from Illinois the Mormons arrived on January 14, 1846 and built a log tabernacle which seated 1,000 people. It was here that Brigham Young was elected President of the Mormon Church December 29, 1847. Brigham Young was the man who succeeded in getting the first Post Office in Kanesville.

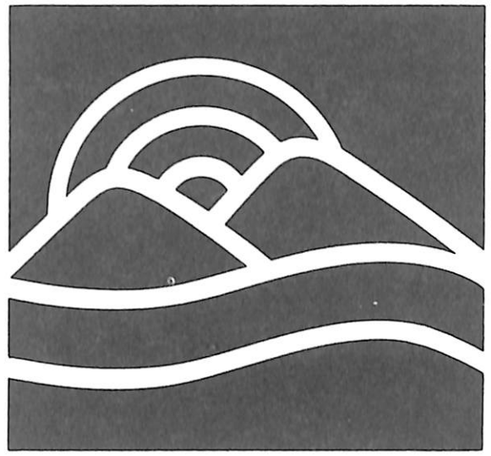
In 1855 Amelia Bloomer, who was already famous for her new type of dress for women, arrived to make her home in Council Bluffs. There is an elementary-junior high school named for her.

Abraham Lincoln visited Council Bluffs in 1859 and selected this city as the eastern terminus of the first transcontinental railroad to be built in the United States—the Union Pacific. General Grenville M. Dodge of Council Bluffs was the chief construction engineer for the building of the Union Pacific Railroad.

The Lincoln Memorial Monument, Oakland & Lafayette Avenues stands on Lookout Point where Abraham Lincoln stood on August 19, 1859, and designated

Council Bluffs the eastern terminus of the Union Pacific Railroad. The Golden Spike Monument at 21st Street & 9th Avenue is a replica of the Golden Spike driven to signify the completion of the Union Pacific Railroad. The locomotive at the Steam Engine Memorial, 39th & West Broadway was contributed to the city by the Union Pacific Railroad.

The Grenville M. Dodge home, 605 3d Street is a National Historic Landmark, restored to serve as a museum. The home was constructed by General Dodge, famous as a Civil War General, chief construction engineer of the Union Pacific Railroad and ultimately president of seven railroads.



Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

WILLA MORRIS

YOU NEED ALL THE HELP WE CAN GIVE YOU!

TO TURN PROSPECTS INTO PROFIT!

ATS doesn't want you to miss a single prospect.
Good communication means increased profit.

THE PEOPLE FINDER

Being out of touch can sometimes be the same as being out of business. Unable to repsond instantly to patients or clients. Unable to react quickly when decisions must be made. Slow in following up on sales prospects or customers. The Motorola Page-boy II personal radio pager is a miniature "shirtpocket" device that permits you to be reached wherever you happen to be in the city. It's a sound and economic solution for people on the go who can't afford to be out of contact.

SILENT ONE
ATS Personal Paging Service

You'll hardly know you're wearing it until you are beeped, flashed or "feel" the silent touch. It fits in your shirt pocket or clips on your belt (just 3 oz.) Dual Function Silent or Audible alert - Dual Function Silent Alert Paging Storage and Dual Battery Condition Check.

SCAT BACK MOBILE PHONE

The Scat Back mobile telephone works like a regular telephone but in your vehicle. Cover your sales territory quicker, save gas by eliminating trips back to the office and be in contact for emergencies. Nothing to buy. No long-term contract. Available now. Fully automatic 7-digit dialing-inward, outward. Expert maintenance, no charge to user.

TALK TO ATS. . .

Clients, prospects, business associates and family . . . all the people you need to reach during the day (and nighttime too). A people pager or mobile telephone is the answer.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

ENABLES You to Pay Your Taxes

DIRECTORY ADVERTISING
BRINGS SATISFACTORY RESULTS!

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance.* If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

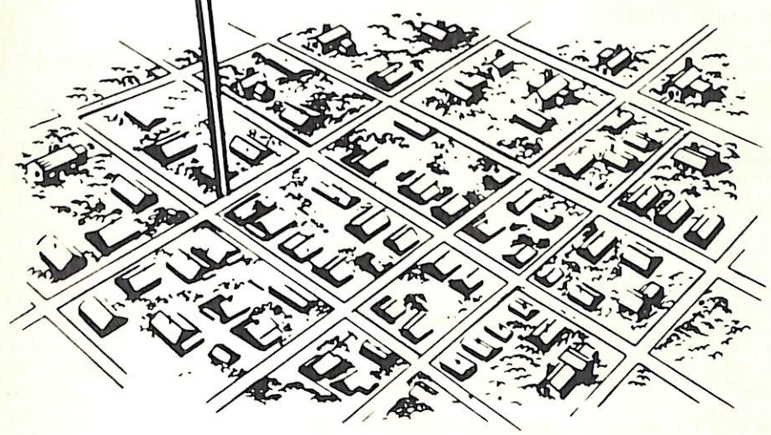
STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES



R·L·POLK & CO.
PUBLISHERS

The Street Directory information is secured by an actual door to door canvass and includes these important features:

- Street Name and Address
- Occupants
- Home Owners
- Telephone Numbers
- New Householder This Edition
- Apartment Residents
- Office Building Occupants
- Types of Business or Profession
- Street Description
- Zip Codes
- Street Intersections

Addresses showing No Return indicate that after repeated efforts the publisher was unable to obtain information.

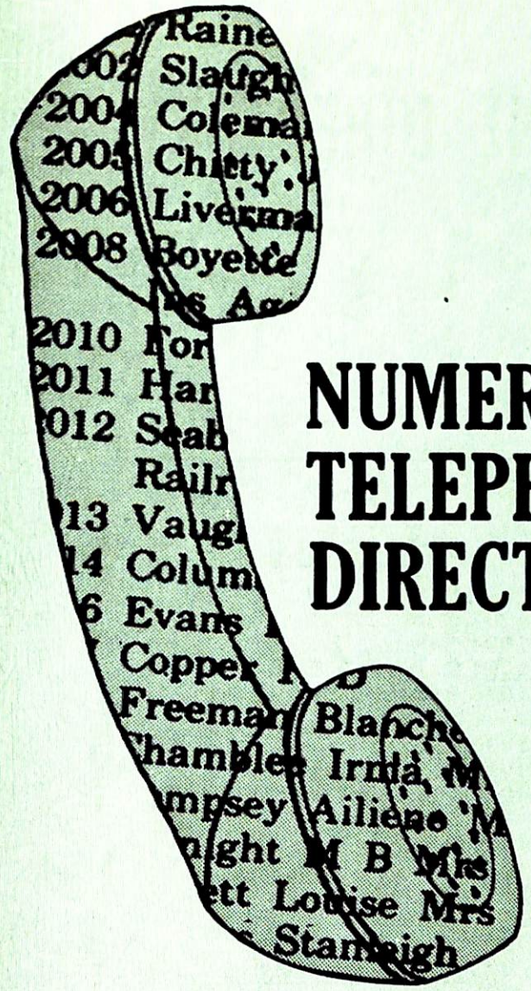
MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.



NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

EVERY STORE

should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer expects.

The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
