COUNCIL BLUFFS

(Courtesy Chamber of Commerce, Office
30 Pearl Street)

Statistical Review

AREA AND POPULATION:

The area of Council Bluffs is 16.3 square miles. Its population is 45,429 by the 1950 U. S. Census, and over 52,000 by recent estimate.

TRIBUTARY TRADE TERRITORY:

The immediate trade territory of Council Bluffs, embracing the region on the Iowa side of the Missouri River within 60 miles of the city, is in extent approximately 5,000 square miles, and there are within it about 150,000 people.

The immediate wholesale territory of Council Bluffs comprises, together with southwestern Iowa, a section of northwestern Missouri, the state of Nebraska, and portions of Minnesota, the Dakotas, Kansas, Colorado, Wyoming and Montana, an area of 189,000 square miles with a population of about 3,300,000.

MAJOR INDUSTRIAL ACTIVITIES:

Council Bluffs, it has been rightly said, owes much of its prosperity to its railroads. No less than eight companies have locomotive and train terminals in Council Bluffs. Indeed, the railroad payrolls in Council Bluffs equal nearly $6,000,000 per annum. The payrolls of other industries in the city aggregate as much or more annually, there being about eighty industrial firms in Council Bluffs. Because of its railroads extending in all directions from the city (this being the fifth largest railroad center in the U. S.) its situation in the richest agricultural section of Iowa; low utility rates, excellent labor; favorable climate; moderate living costs; improved highways radiating from the city; two major air lines (the Municipal Airport, located about one mile southeast of the city, has three private operators), and the Missouri River now open for navigation; and other advantages too numerous to mention, Council Bluffs offers the manufacturer and the distributor a location of unqualified merit. The city enjoys the unique distinction of being the home of the largest manufacturer of playground equipment in the world; the seat of the largest flower-growing center west of the Mississippi River, and a grain-storage point where are concentrated ten elevators annually handling about 34,000,000 bushels of corn and other cereals. The Pacific Fruit Express Co. maintains here a $500,000 plant, manufacturing an average of 275 tons of ice daily for use in refrigerator cars, and the U. S. Post Office Department operates in Council Bluffs the second largest railway mail terminal in the country.

MAJOR INDUSTRIES AND PRODUCTS ARE:

Air-conditioning equipment
Arch supports
Artificial limbs
Automobile truck bodies
Bakery goods
Batteries
Bee supplies
Canvas products
Cereal food specialties
Concrete products
Dairy products
Drugs, wholesale
Elevators, freight and passenger
Farm implements
Floodlights
Foundry and machine-shop products
Furnaces
Furniture (all types)
Gasoline distribution
Grain storage
Ice Manufacturing
Iron work, ornamental
Janitor supplies
Lumber and building materials
Mattresses
Metal products

Millwork	Shirts and jackets
Monuments and markers	Steel, structural and reinforcing
Oil-refining	Stock feed
Plastic products	Stock remedies
Playground equipment	Suitcases
Radios and equipment	Walnut lumber
Railroad car wheels	Water-softeners
Railroad shops and yards	Wheels
Riding equipment	Wine-making
Sheet-metal work	

LABOR:

The population of Council Bluffs is 86 per cent native white, 13 per cent foreign-born white, 1.4 per cent colored. Labor is plentiful, and friendly relations exist between employers and employees.

RAILROADS:

Council Bluffs is served by eight trunk lines, comprising the Union Pacific; Chicago & Northwestern, Chicago, Burlington & Quincy, Chicago, Milwaukee, St. Paul & Pacific, Chicago, Rock Island & Pacific, Chicago Great Western, Illinois Central and Wabash railroads. Six of these lines connect the city with Chicago, two with St. Louis, one with Kansas City.

INDUSTRIAL POWER:

An adequate and dependable supply of electric power at low industrial rates is supplied by the Iowa Power & Light Co. The company has just erected a new $12,000,000 plant, just south of the City of Council Bluffs.

WATER AND GAS:

The City of Council Bluffs owns the water works, which are modern and free of debt. The plant is one of the finest in the country for cities of this size.

Natural gas from the Oklahoma and Texas fields is supplied for industrial and domestic uses by the Council Bluffs Gas Co; at low rates.

TEMPERATURE AND PRECIPITATION:

Average temperatures during a period of 60 years—

Spring (March-May) maximum 60.1 degrees, minimum 40.8 degrees
Summer (June-Aug.) maximum 84 degrees, minimum 40.8 degrees
Autumn (Sept.-Nov.) maximum 62.9 degrees, minimum 43.7 degrees
Winter (Dec.-Feb.) maximum 33.5 degrees, minimum 16.3 degrees

Average precipitation—

Spring	7.71 inches
Summer	12.05 inches
Autumn	6.75 inches
Winter	2.54 inches
Annual	29.05 inches

NATURAL RESOURCES:

Southwestern Iowa, of which Council Bluffs is the metropolis, is endowed by nature with remarkable soil fertility. The industrial stability of Council Bluffs is assured by the agricultural resources of the region, which produces annually, with unfailing regularity, large yields of corn, wheat, oats and rye. These natural products make profitable the feeding of hogs and cattle, which is carried on extensively throughout the area.

The loessial soil of the rolling hills of this territory also is well suited to the culture of fruit and vineyards. Hybridized corn has reached a high degree of development, which has increased production and quality in an area already the largest producer of corn in the "Tall Corn State." Soybeans, which are now being extensively grown, are the latest addition

to the diversified crops in this garden of the Middle West. Southwest Iowa has always been a leader in soil conservation practises. The Iowa State College with the cooperation of the Council Bluffs Chamber of Commerce operate an experimental fruit farm just outside the city on U. S. Highway 4.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

60 East 56th Street New York 22, N. Y.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

NEED FINANCIAL FACTS?

THEN YOU NEED

POLK'S
Bank Directory

POLK'S will answer your questions, supply connections, fill needs . . . because Polk's is the one — the only — bank directory that completely covers the banking and financial world.

POLK'S BANK DIRECTORY includes the latest, most detailed information on:

- All U. S. Banks and their branches
- Banks throughout the world
- Investment Dealers
- Life Insurance Companies
- Government Financial Agencies
- Banking and Financial Associations

POLK'S lists officers, directors, latest financial statements and much more helpful data.

POLK'S BANK DIRECTORY is compiled for quick, easy reference. All pertinent facts are placed together. Thumb tabs mark cities and states.

Get the most complete, accurate financial information available.

222 Bennett Bldg. Tel. 8-1454

CASHIERS! TELLERS! CLERKS!

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

SIXTY-THREE YEARS OF SERVICE

The First Federal Savings & Loan Association has grown up in Council Bluffs during the past sixty-two years. We have continually increased assets during these years and never missed a semi-annual dividend. Ours is an enviable record of contribution to the growth and stability of Council Bluffs, through our reliable savings plan and through our home loan program.

Our savings accounts begin earning a maximum rate from the day of deposit; all funds are insured up to $10,000; withdrawal privileges are extremely lenient; and we are proud of our efficient, reliable and friendly office staff.

VITAL INFORMATION AT YOUR FINGER-TIPS!

▶ Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

More People Are

SEEING CITY DIRECTORY ADS

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's call on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given, radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
   Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete **classified business section** in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk(*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name? What is his middle initial?

Is he married? What is his wife's name?

Where does he live?

Does he own his home or rent?

Has he a telephone?

Who are his neighbors?

What does he do for a living?

Where does he work?

Is he the "head of the house" or a resident?

Does he own a business? Is he a member or officer?

Who else is in the same business or profession?

Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?

What are the latest population figures?

What is the latest statistical and general civic information?

What are the leading industries and activities of the city?

What are the names and locations of the schools?

What are the churches and where located?

Who are the pastors of the churches?

What are the locations of the hospitals, homes and asylums?

ABOUT A LOCALITY

How is the quickest way to get there?

Who lives at a given address?

Is there a telephone at the address or nearby?

What is the character of the neighborhood?

Is it a "home owners" section?

What is the nearest street corner?

What is the nearest store, church, school, garage, shopping center, parking lot, etc.?

Where are the public and office buildings?

If it is a business location, what business?

If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?

What is the correct name and address?

Is it a Proprietorship, Partnership or Corporation?

Who are the partners, owners, or officers?

Who else in same or similar lines?

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in heavy type denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

R. L. POLK & CO.

2910 W. CLAY ESTABLISHED 1870 RICHMOND 21, VA.

Revised 3-56

Your City Directory has

HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING *(Including market analysis and sales promotion)*

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or street.
Routing salesmen to avoid lost motion in reaching prospects.
Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE *(and Collections)*

Running down delinquent debtors.
Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete delivery of mail.
Effecting delivery of messages and parcels erroneously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

POLK'S
COUNCIL BLUFFS

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1958

Copyright, 1958, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The △ preceding names denotes houses and places of business having telephones.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

THE CITY DIRECTORY

represents the City and its institutions in every corner of these United States

---

ARE YOU PROPERLY REPRESENTED IN IT?

The Classified portion catalogues the professions and goods handled here

ARE YOU LISTED UNDER YOUR PROPER HEADING SO THE PROSPECTIVE BUYER CAN FIND YOU?

"Think It Over"

Don't Contribute to Counterfeiters KNOW YOUR MONEY!

Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:

PORTRAIT	*Counterfeit*–Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
	Genuine–Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
COLORED SEAL	*Counterfeit*–Saw-tooth points around rim are usually uneven, broken off.
	Genuine–Saw-tooth points around rim are even and sharp.
SERIAL NUMBERS	*Counterfeit*–Poorly printed, badly spaced, uneven in appearance.
	Genuine–Figures firmly and evenly printed, well spaced.
PAPER	*Counterfeit*–Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
	Genuine–Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. RUBBING a bill on a piece of paper will not prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U.S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or $7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

Published in Cooperation with United States Secret Service Treasury Dept.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.
