INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1300 city, county, state and national Directories, present to subscribers and the general public, this, the 1965 edition of the Council Bluffs City Directory including Lake Manawa.

Confidence in the growth of Council Bluff's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Council Bluffs to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Council Bluffs Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Council Bluffs, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Council Bluffs including Lake Manawa, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a

business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Council Bluffs.

The Council Bluffs Directory Library

Through the courtesy of the publishers of the Council Bluffs City Directory, a Directory Library is maintained at the Council Bluffs Free Public library, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HISTORY OF COUNCIL BLUFFS

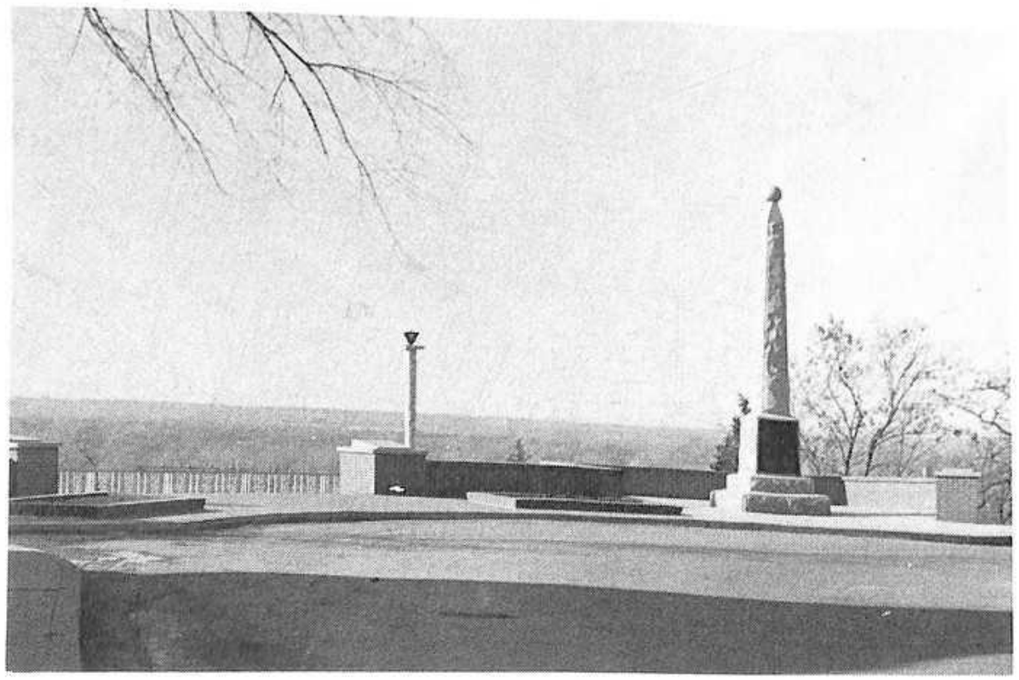

During their exploration of the Missouri River in 1804 Lewis and Clark were the first white men to stop at the site of what is now Council Bluffs. At this time they held a meeting with the Otoe and Missouri Indians. The Lewis and Clark Monument located on the bluffs overlooking the Missouri River commemorates this meeting.

Lewis & Clark Monument

From 1804 until 1853 Council Bluffs was known as Kanesville. During this period Father Pierre-Jean DeSmet established the first church and school in a blockhouse which was originally built to protect migrating Indians from hostile Indians. This was located on Pierce Street on a bluff overlooking Broadway.

After being driven from Illinois the Mormons arrived in Kanesville on January 14, 1846 and built a log tabernacle which seated 1,000 people. It was here that Brigham Young was elected President of the Mormon Church December 29, 1847. Brigham Young was the man who succeeded in getting the first Post Office in Kanesville.

In 1855 Amelia Bloomer, who was already famous for her new type of dress for women, arrived to make her home in Council Bluffs. There is an elementary-junior high school named for her.

Abraham Lincoln visited Council Bluffs in 1859 and selected this city as the eastern terminus of the first transcontinental railroad to be built in the United States—the Union Pacific. General Grenville M. Dodge of Council Bluffs was the chief construction engineer for the building of the Union Pacific Railroad.

The Lincoln Memorial Monument, Oakland & Lafayette Avenues stands on Lookout Point where Abraham Lincoln stood on August 19, 1859 and designated Council Bluffs the eastern terminus of the Union Pacific Railroad. The Golden Spike Monument at 21st Street & 9th Avenue is a replica of the Golden Spike driven to signify the completion of the Union Pacific Railroad. The locomotive at the Steam Engine Memorial, 39th & West Broadway was contributed to the city by the Union Pacific Railroad.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Polk Market

picks new-car buyers out of the crowd

To meet today's fierce competition, automobile advertisers and their agencies recognize that mass advertising is not enough. Everybody is not a prime prospect for a new car, just as everybody is not a prime prospect for a truck, a tractor or a cabin cruiser.

Certainly, mass advertising is essential to create a receptive climate for new automobiles. But the complete automobile advertising program must cultivate, personally and intensively, those individuals who *can* buy . . . and who *do* buy regularly!

The Polk Market is the one medium that picks these regular new-car buyers out of the crowd and identifies them by name and address.

Then the automobile advertiser and his agency can direct personal, forceful mail advertisements to these identified new-car buyers, using The Polk Market exactly as they use other printed media.

Automobile advertisers and their agencies who have used The Polk Market have been impressed by its ability to move people into action, to identify dealerships and to buttress an entire advertising program.

Continuing research and experience prove that advertisements mailed to potential buyers gain greater attention . . . win far higher readership than any other form of printed advertising . . . tell a much more complete sales story . . . and pay off in measurable sales results—*all at a surprisingly low cost per reader-prospect!*

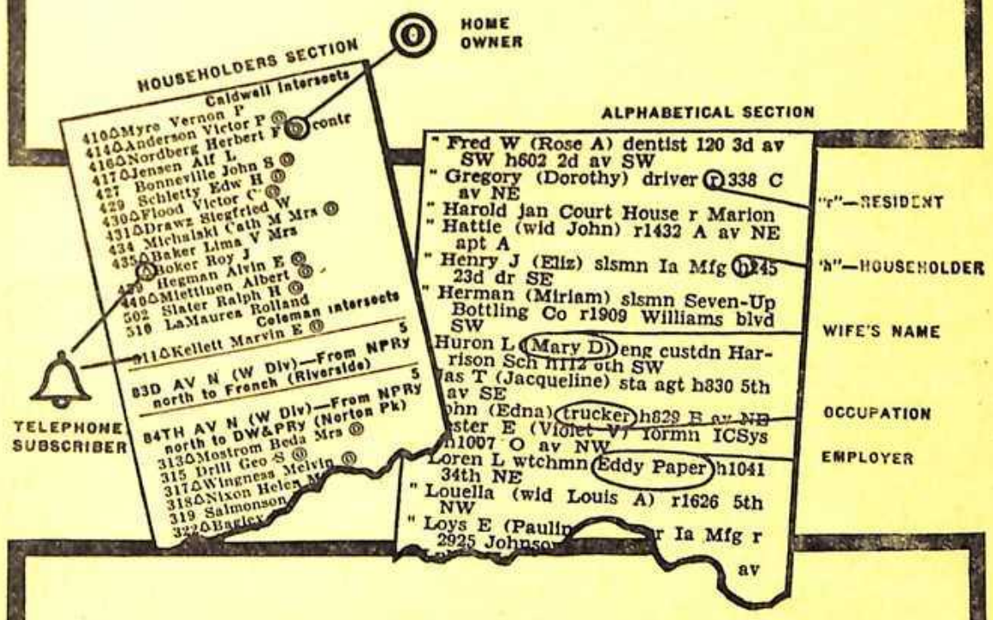

R. L. Polk & Co. functions in mail advertising exactly as the publisher functions in other printed media. Standard gross rates and specifications have been established by R. L. Polk & Co. when acting as the complete publisher for specific types of mail advertising campaigns. These rates apply equally to advertisers and agencies and are fully commissionable to the agency.

We will be happy to show you how The Polk Market can help you make all your advertising dollars work more effectively. Let us hear from you.

R. L. POLK & CO. → 431 Howard Street Detroit 31, Mich.

DIRECTORY SYMBOLS AND DESIGNATIONS

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1965

Copyright, 1965, by R. L. Polk & Co.

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES,

THE SYMBOL ® FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY. BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVAS ARE SHOWN OPPOSITE NAMES.

(THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.)

(THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.)
