INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the bicentennial commemorative edition of the Council Bluffs City Directory including Lake Manawa.

Confidence in the growth of Council Bluffs' industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Council Bluffs to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Council Bluffs Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order: —

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Council Bluffs and Lake Manawa, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Council Bluffs including Lake Manawa, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, INCLUDING LAKE MANAWA, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY INCLUDING LAKE MANAWA is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Council Bluffs.

The Council Bluffs Directory Library

Through the courtesy of the publishers of the Council Bluffs City Directory, a Directory Library is maintained at the Council Bluffs Free Public Library, for free reference by the general public. This is one of more than over 800 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

ROBERT D. RAY
GOVERNOR

Office of the Governor
STATE CAPITOL
DES MOINES, IOWA 50319

Dear Iowans:

Our Bicentennial year, 1976, is an important occasion, for during this year we will remember a time said to be the single most important happening in our nation's history -- our independence.

For 150 years, various forms of self-government had been functioning in the colonies. Although some could argue that England's control and supervision were not unduly harsh, a break was inevitable and a new nation was founded.

To commemorate this historic event we will have parades and festivals in Iowa and many important Bicentennial projects such as the restoration of the Old Capitol in Iowa City. However, while we look back to appreciate our past, we must also look ahead. We do so in an attempt to fine tune the Revolution that occurred 200 years ago. 1976 is a special year with new challenges for all Americans. We should proclaim our independence from the fear of tomorrow, and approach our third century with renewed determination to make our country truly a place for all people to be free.

Best wishes for a memorable Bicentennial observance.

Sincerely,

Robert D. Ray

Robert D. Ray
Governor

The City of Council Bluffs, Iowa

FROM THE OFFICE OF: PHONE 322-4061

The Mayor

Dear Fellow Citizens of Council Bluffs:

We are indeed fortunate in this the 200th Birthday of our Nation to live in a community which is awakening to its great potential.

Council Bluffs, with the pride and progressive attitudes of its people, is surely entering into a new era. With the opening of our new downtown shopping center, Midlands Mall, the completion of the much needed Joseph B. Katelman Swimming Pool and the improving employment picture, we certainly have much to look forward to in the future.

This Bicentennial year is a year for us to honor our country and the freedoms we so often take for granted. Though our nation's path in history is sometimes troubled, I am confident that as we move into the third century of our country we will continue to be strong, and will be an inspiration to all the free-thinking people of the world.

Let us forever continue the Spirit of '76 and work together to keep our nation strong and free.

Best Wishes for a Happy Bicentennial!

Dennis C. Anderson,
MAYOR OF COUNCIL BLUFFS, IOWA

COUNCIL – MANAGER GOVERNMENT

HISTORY OF COUNCIL BLUFFS

During their exploration of the Missouri River in 1804 Lewis and Clark were the first white men to stop at the site of what is now Council Bluffs. At this time they held a meeting with the Otoe and Missouri Indians. The Lewis and Clark Monument located on the bluffs overlooking the Missouri River commemorates this meeting.

From 1846 until 1853 Council Bluffs was known as Kanesville. During this period Father Pierre-Jean DeSmet established the first church and school in a blockhouse which was originally built to protect migrating Indians from hostile Indians. This was located on Pierce Street on a bluff overlooking Broadway.

After being driven from Illinois the Mormons arrived on January 14, 1846 and built a log tabernacle which seated 1,000 people. It was here that Brigham Young was elected President of the Mormon Church December 29, 1847. Brigham Young was the man who succeeded in getting the first Post Office in Kanesville.

In 1855 Amelia Bloomer, who was already famous for her new type of dress for women, arrived to make her home in Council Bluffs. There is an elementary-junior high school named for her.

Abraham Lincoln visited Council Bluffs in 1859 and selected this city as the eastern terminus of the first transcontinental railroad to be built in the United States—the Union Pacific. General Grenville M. Dodge of Council Bluffs was the chief construction engineer for the building of the Union Pacific Railroad.

The Lincoln Memorial Monument, Oakland & Lafayette Avenues stands on Lookout Point where Abraham Lincoln stood on August 19, 1859, and designated Council Bluffs the eastern terminus of the Union Pacific Railroad. The Golden Spike Monument at 21st Street & 9th Avenue is a replica of the Golden Spike driven to signify the completion of the Union Pacific Railroad. The locomotive at the Steam Engine Memorial, 39th & West Broadway was contributed to the city by the Union Pacific Railroad.

The Grenville M. Dodge home, 605 3d Street is a National Historic Landmark, restored to serve as a museum. The home was constructed by General Dodge, famous as a Civil War General, chief construction engineer of the Union Pacific Railroad and ultimately president of seven railroads.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

STREET DIRECTORY of HOUSEHOLDERS and BUSINESSES

The Street Directory information is secured by an actual door to door canvass and includes these important features:

- Street Name and Address
- Occupants
- Home Owners
- Telephone Numbers
- New Householder This Edition
- Apartment Residents
- Office Building Occupants
- Types of Business or Profession
- Street Description
- Zip Codes
- Street Intersections

Addresses showing No Return indicate that after repeated efforts the publisher was unable to obtain information.

DIRECTORY ADVERTISING
BRINGS SATISFACTORY RESULTS!

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Common Sense About City Directory Circulation

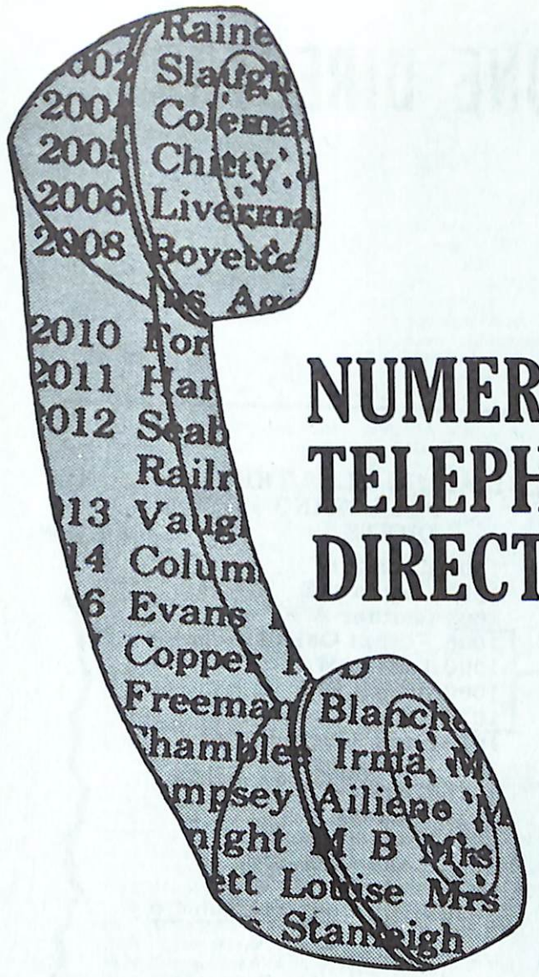

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.
