INTRODUCTION
AND
GENERAL INDEX

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, present to subscribers and the general public, this, the latest edition of the Council Bluffs City Directory including Lake Manawa.

Confidence in the growth of Council Bluff's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Council Bluffs to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Council Bluffs Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Council Bluffs and Lake Manawa, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Council Bluffs including Lake Manawa, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, INCLUDING LAKE MANAWA, on green paper, is the third major department. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY INCLUDING LAKE MANAWA is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this

issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Council Bluffs

The Council Bluffs Directory Library

Through the courtesy of the publishers of the Council Bluffs City Directory, a Directory Library is maintained at the Council Bluffs Free Public Library, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HISTORY OF COUNCIL BLUFFS

During their exploration of the Missouri River in 1804, Lewis and Clark were the first white men to stop at the site of what is now Council Bluffs. At this time, they held a meeting with the Otoe and Missouri Indians. The Lewis and Clark Monument located on the bluffs overlooking the Missouri River commemorates this meeting.

From 1846 until 1853, Council Bluffs was known as Kanesville. During this period, Father Pierre-Jean DeSmet established the first church and school in a blockhouse which was originally built to protect migrating Indians from Hostile Indians. This was located on Pierce Street on a bluff overlooking Broadway.

After being driven from Illinois, the Mormons arrived on January 14, 1846, and built a log tabernacle which seated 1,00 people. It was here that Brigham Young was elected President of the Mormon Church December 29, 1847. Bringham Young was the man who succeeded in getting the first Post Office in Kanesville.

In 1855, Amelia Bloomer, who was already famous for her new type of dress for women, arrived to make her home in Council Bluffs.

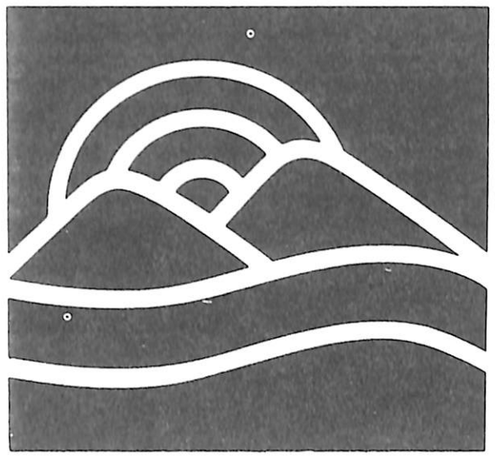

The Historic General Dodge House

Abraham Lincoln visited Council Bluffs in 1859, and selected this city as the eastern terminus of the first transcontinental railroad to be built in the United States-the Union Pacific. General Grenville M. Dodge of Council Bluffs was the chief construction engineer for the building of the Union Pacific Railroad.

The Lincoln Memorial Monument, Oakland & Lafayette Avenues stands on Lookout Point where Abraham Lincoln stood on August 19, 1859, and designated Council Bluffs the eastern terminus of the Union Pacific Railroad. The locomotive at the Steam Engine Memorial, 39th & West Broadway was contributed to the city by the Union Pacific Railroad.

The Grenville M. Dodge home, 605 3d Street is a National Historic Landmark, restored to serve as a museum. The home was constructed by General Dodge, famous as a Civil War General, chief construction engineer of the Union Pacific Railroad and ultimately president of seven railroads.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

YOUR CITY DIRECTORY—
AN INVESTMENT—A BUSINESS TOOL

★ NEW NEIGHBOR SYMBOL
◎ HOMEOWNER SYMBOL
(r) RESIDENT OR ROOMER
(h) HOUSEHOLDER

Four major directories in one volume:

1 Classified Business Directory . . . the names and addresses of all business and professional firms listed under appropriate headings.

2 Alphabetical Directory . . . all adult residents including: name—marital status—address—occupation—employer—householder or resident—retiree—student—member of Armed Services. AND . . . all business and professional firms including: Firm name and address—officers—owners—partners—managers—products or services.

3 Street Directory of Householders and Businesses . . . Every street address including: Individual Householder—telephone number—homeowner or renter—new resident—apartment building—business firm—type of business—office building—street description—intersecting streets—ZIP codes.

4 Numerical Telephone Directory . . . Telephones in number sequence including: Individual name—business firm name—pay telephones.

Be certain that everyone in your organization is carefully instructed and thoroughly familiar with the information it contains and how to use it. To assist you, the publishers have included detailed instructions on the opening pages of each of the four Directories which should, in a general way, familiarize each user with its contents and applications.

Also, should you desire additional copies of these instructions, please write the publisher at the address in the front of your Directory.

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

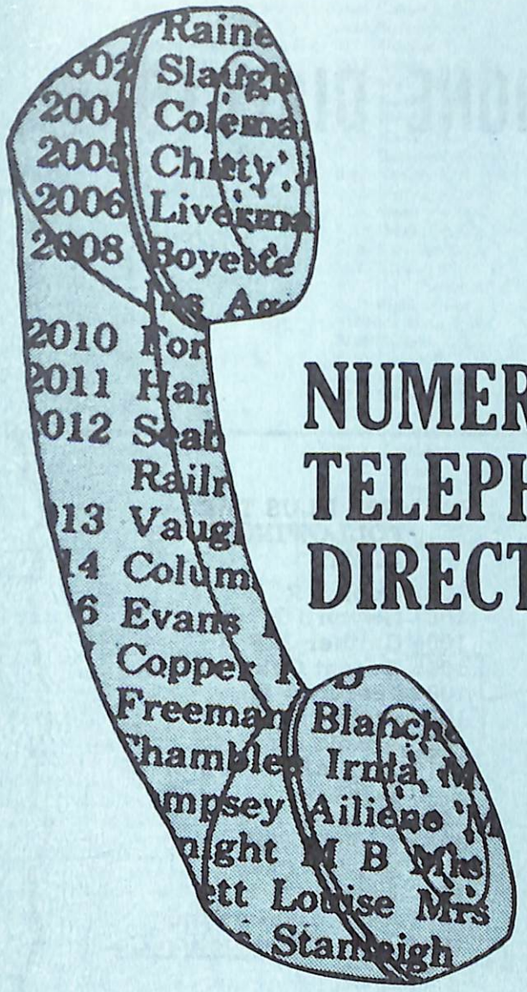

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance*. If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!

NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY
BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numercial sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:
Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:
Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. Good Advertising ~ aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

Don't Use An Old Directory!

●

One address taken from an old Directory may send you miles out of the way and waste a whole day's time. You take pride in keeping a fresh stock of merchandise on your shelves—

●

Why not avail yourself of fresh information for your daily use?

Study all directory advertising invoices carefully

Business and Classified Directory publishers under various names have flooded our mails for several years with solicitations resembling City Directory invoices. Most such solicitations state that they are not invoices, but nevertheless business people frequently overlook this and process them for payment.

What seems like an invoice may really be a carefully worded proposal for service—of an indefinite nature—and questionable value—to be rendered in the future, *if you pay in advance.* If in doubt, check with your local Better Business Bureau, or your established City Directory publisher.

Before you invest, investigate!
